A Milestone Year & The Journey Home...

The year 2016 will mark Riverside Cemetery’s 140th Anniversary! More information about this special year, in our proud history, will be featured in the Spring 2016 edition of The Tradition.

****************************************************

In 1876, our beautiful cemetery opened as the first major-sized, garden-style cemetery in what was then the “rural west side of Cleveland.” The property was purchased from Titus N. Brainard. It was owned and farmed by the Brainard family since the early 1800’s, with several acres of woods and rolling hills. Titus’s grandfather bought the property when he moved his family from Chatham, Connecticut to make Cleveland their home. It took the better part of 40 days for the Brainards to get here, traveling by a team of oxen and wagons.

Most of the early residents of the cemetery lived in the surrounding area. People chose a cemetery that was close to home. It is why Riverside was founded in the first place - the community needed a large cemetery that would serve generations to come.

Today, we continue to serve the Greater Cleveland area, but have noticed a trend over the years – in addition to choosing a cemetery “close to where they live,” people are also “going home” to be in “their cemetery.”

Unlike the days of Titus’s grandfather, there are much easier ways than a team of oxen to get across the country and around the world. Life happens and people leave the Cleveland area, but the sense of returning home never leaves.

People may move to surrounding states like Pennsylvania and Michigan; or to a state on either coast, like California or Florida; or even out of the country to places like England or Egypt – but in the end they’re “journeying home” to be in their cemetery, Riverside.

Riverside is a beautiful place to memorialize and celebrate the lives of your loved ones.

We are honored to serve you!

On Sunday, July 19th, nearly two hundred guests gathered outside our Chapel for a relaxing afternoon filled with great music and food. This year’s program featured the musical talents of Amethyst String Quartet, Barbara Knight Quintet and Northcoast Jazz Collective. Many thanks to our Master of Ceremonies, Todd Smith.

Free guided tours of the Cemetery while riding on Cleveland’s iconic, Lolly the Trolley were provided by Riverside’s former General Manager and historian extraordinaire, Bill Halley.

Special thanks to the Riverside Cemetery Foundation for hosting this ever-growing popular event.

To this year’s sponsors (financial & in-kind) and vendors, our sincerest and heartfelt appreciation and gratitude. An event this size would not be possible without your support.

### Cookie’s Corner: Providing Comfort & Support

My name is Cookie. I am a certified therapy dog through Therapy Dogs International. To become certified, I had to pass a test divided into two phases, with 13 individual tests and additional exercises within each test that fully assessed my mood, behavior, manners and ability to follow directions. I am also required to have regular vet visits and meet certain health requirements to maintain my certification.

My role as a therapy dog at Riverside is very simple: provide emotional support and comfort to assist people with the grieving process. This is easy for me when you visit the cemetery in person – you can pet me. Through this column in the newsletter, I’ll feature resources and materials that I hope will be helpful.

The death of a loved one is very difficult and can be especially tough for children. There is a very good book called, “The Journey Through Grief and Loss: Helping Yourself and Your Child When Grief is Shared,” written by Robert Zucker. Mr. Zucker provides a lot of good recommendations for talking to children, of any age, about death and reminds us that children grieve differently from adults:

- **Preverbal children** – often need comfort more than words.
- **2-5 year olds** – struggle with the basic concepts of death and require loads of patience.
- **6-9 year olds** – become overwhelmed by the idea that death is common and benefit from age appropriate information and a great deal of reassurance.
- **Preteens** – grasp the concept of death and need to be listened to and respected.
- **Teens** – often bring a tricky emotional package to their grief and require careful attention and support.
